## Income Tax Returns

As the financial year draws to a close, Tax Return time is upon us.

Attached is our 2019 Tax Checklist, which is designed to ensure that all your allowable deductions are claimed. If you have any questions please telephone before arranging an interview so that your Return may be completed at the time of interview.

While it is desirable to lodge your Return early, particularly if you are entitled to a refund, its preparation and lodgement may be delayed until approximately May 2020 - provided you are registered with us (prior to 31 October 2019).

It is important that if you make a claim the appropriate documentary evidence must be kept to support it.

Included with the Checklist is a declaration that must be signed, detailing the substantiation requirements etc.

We have also included a Form of General Authority (on the reverse of this letter) to allow us, if needed, to better communicate with various financial institutions and government departments on your behalf.

Please feel free to telephone us prior to 30 June if you would like to discuss any tax saving opportunities that may be available to you.

Should you have any queries please telephone.

Yours sincerely

ELLCO GROUP

**SUMMARY OF ACCOUNTANCY FEES (SALARY AND WAGE CLIENTS ONLY)**

as at 1 July 2019 (subject to change without notice)

Our fees are calculated on the basis of the time necessarily required to complete the work. Accordingly, the below amounts represent indicative fees only. These costs may increase depending on complexity and the availability of all information at time of interview or at time of preparation.

The time taken to complete the preparation of a simple Tax Return involves approximately two equal parts. Firstly, the time taken at an interview to receive your instructions or to review the information forwarded. Secondly, the time taken to check and finalise the Return, administration time, and electronically lodge the Return. For example, if an interview were conducted for approximately 3/4 of an hour, the total time that is required to complete the Return would be approximately 1 1/2 hours. Our minimum fee for Return preparation is \$220.

2018 - 2019

# Client Substantiation Declaration

I confirm that you have advised me that I must demonstrate that I have incurred an expense for income producing purposes. In addition, you have advised me of the stringent SUBSTANTIATION legislation I must satisfy in relation to work, car and business travel expenses.

In addition, you have informed me of the need to obtain original receipts and keep them for a minimum of five years from the date my Return is lodged. The receipts must contain the following details:

- (1) name of supplier;
- (2) amount of expense;
- (3) nature of goods and services;
- (4) date of expense;
- (5) the date of the documents.

I understand if receipts do not contain this information I can, at the time of purchase, write the missing details on the receipts.

I understand for some expenses (less than \$200 in total and \$10 per item) receipts may be unattainable (eg photocopy, meters, road tolls) I may keep my own record (diary) with similar details to that above.

Further, if depreciation is being claimed I understand that receipts must be kept for a period of 5 years from when the item was last depreciated not from its date of purchase.

## Penalties to apply with incorrect Returns

You have also advised me that additional tax, penalties, interest and possible prosecution action may be taken against me by the Australian Taxation Office if I provide details which lead to an incorrect Tax Return being lodged.

## Income from sources in and out of Australia for the year of income

You have advised me that as an Australian resident I must declare income from all sources, in and out of Australia, including net capital gains received for the year of income in my Tax Return. This could include a gain made from the sale of an asset received as part of an inheritance.

## Apportionment

Where items are used for both business and private purposes, eg car, mobile telephone, home telephone, computer, library etc, I advise I have records to verify my business usage claim (eg a diary for say one month). In addition, my employer will verify that it was necessary to incur such expenditure in earning my assessable income. Further, I have instructed you to prepare the Return based on specific instructions on the understanding I will be able to produce such information to the satisfaction of the Australian Taxation Office in an audit situation.

## Audit Matters

I further confirm that:

- (i) I am aware of the procedures to follow if a document is lost or destroyed; and
- (ii) I may be required to verify any income or expense item noted in my Return in the event of an audit; and
- (iii) I understand the Substantiation Schedule I should complete for all work, car and travel expense claims under self-assessment; and
- (iv) I have read and understood the Return prepared for me.

I declare that:

- (a) I have disclosed and you have returned all of the income, including net capital gains which I have earned/received for the income year; and
- (b) all income declared, claims for deductions and tax offsets/rebates which included in my Return are based on my specific instructions and advise that I satisfy the relevant requirements; and
- (c) I confirm that I have all receipts or documentation necessary to substantiate the above claims and I will make them available if required by the Australian Taxation Office; and
- (d) you have clarified what written evidence (including car/travel records) will be required during an audit and penalties (including prosecution) that may be applied if incorrect claims are identified in an audit situation.
